**FCCS provides very limited support services to special education students depending on our ability to provide the required support. Although private schools are not required to provide special education services, it is our heart and passion to provide support to the best of our ability. Therefore, FCCS may not approve students that cannot be supported at our school.

****Note: Purposely withholding information (*whether formally diagnosed or not*) that may negatively affect the school or other students will jeopardize continued enrollment at FCCS.**
